Are you **sure** you're getting the **best value**  
on your cargo & freight insurance?

## STOCK THROUGHPUT INSURANCE POLICY

Designed to cover all of the Insured's transit and static stock requirements  
(\*refer flow chart back of page)

This would include imports, whilst as stock and thence delivery to final customer all under one insurance policy.

### Benefits:

- Cover to attach from the time the Insured assumes an interest or responsibility and continues uninterrupted until that interest or responsibility ceases
- Single policy and simplified premium basis, reducing administration requirements with no time consuming declarations to submit
- Gaps in cover are significantly reduced or eliminated
- Competitive premium compared with the more traditional method of insuring transit and inventory exposures separately
- "Tailor Made" coverage throughout, customised to the particular needs of each client
- Stock can be valued on a selling price basis, thereby including the profit element and potentially reducing the need for business interruption coverage
- Can include coverage at third party locations
- Lower deductible options
- Applies to any type of cargo/stock
- Earthquake, Flood and Windstorm locations possible
